**Innovations  
since 1887**

# Our product range

**Dr. Manfred Storr**  
Managing director

When Carl Christian Held started the production of machine oils and greases in 1887, he laid the foundation stone for a medium-sized company that over the past decades has established itself as a specialist in the lubricants sector. oelheld GmbH has existed in its present form since 1989, and has been managed by Dr. Manfred Storr since 1973.

**Innovative fluid management and stringent product development and quality assurance are the key to the success of our products.**

Innovative fluid management, stringent product development and quality assurance are the key to the success of our products. Numerous machine manufacturers therefore develop products together with us that are specially tailored to the demands of their machines. That naturally applies also to our customer.

Our many years of experience with high-tech lubricants also enable us to work intensively to the specific demands of our customers and to adapt existing fluids to a wide range of different production processes.

## Metal working fluids

- Dielectrics for spark erosion
- Grinding oils
- Punching oils
- Cutting oils
- Forming oils
- Hardening oils
- Lapping oils
- Broaching oils
- Honing oils
- Deep hole drawing oils
- Drawing oils

## Industrial lubricants

- Bio-degradable lubricating and hydraulic oil
- Industrial gear oils
- Synthetic lubricants
- Track- and slipway oil
- Hydraulic oils
- Spindle oils

### **Motor vehicle lubricants**

- ATM gear and hydraulic fluids
- Multi-purpose and hypoid gear oils
- Two-stroke engine oils
- Motor vehicle greases
- Engine oils for all fuel and diesel engines

### **Water-soluble cooling lubricants**

- Mineral oil based emulsion concentrates
- Mineral oil free and full synthetic concentrates
- System cleaner

### **Greases**

- Multi-purpose greases for roller and friction bearings
- Gear greases
- Special greases for special requirements (high/deep temperatures, extreme environmental conditions, special pressure absorption)

### **Peripheral products**

- Fluid management
- Skin protection
- Machine cleaner
- Cleaning fluid
- Technical devices
  - Hand refractometer
  - Emulsion mixer
  - Grease gun etc.
- Hand detergents
- Anticorrosives
- Oil binder
- Wipe systems

We are developing products for your individual needs, please contact us and challenge our laboratory.

# High-tech products for machines – worldwide!

oelheld GmbH is not only represented with its own sales offices and production plants in France, Great Britain and the USA, but also has various representatives in most countries.
